CAMERON, MILAM COUNTY TEXAS, THURSDAY, FEBRUARY 4, 1960

12 PAGES TODAY

Nine File By Deadline

Nine more Democratic candidates filed by the Monday midnight deadline for places on the May 7 primary, making a total of 28 candidates for the Milam County ballot.

County Chairman Max McClaren listed the following candidates' filing officially before the Monday deadline:

For state senator, Bell - Milam McLennan Counties, Godfrey Sullivan, Waco attorney and contractor.

For state representative, Robertson - Milam Counties, Richard "Dick" Moseley, Cameron busi-

nessman, and Pat Clark, Rockdale.

Cliff Blackburn, Rockdale, for election as county commissioner, Precinct 3.

Joe Zajicek, Buckholts, for election as county commissioner, Precinct 1.

J. A. Taylor, Buckholts, for constable, Precinct 1.

Harry Rogers, Jr., for constable, Precinct 1.

P. L. Paris, for constable, Precinct 8.

And Horace Jackson, Killeen for State Board of Education.

Filing of several of the candidates brought to seven the number of contested races on the May 7 primary ballot.

McClaren said that all candidates have until February 13 to pay their filing fees. Each candidate will be notified by the Milam Democratic committee of cost for filing, he said.

The contested races shaped up like this:

Sen. Jarrard Secrest, Temple, incumbent tri - county state senator, will be running against Sullivan.

Moseley and Clark will be seeking the representative's post held by incumbent Herman Yezak.

Blackburn, J. B. Earle and incumbent Byron Neal will be seeking the Precinct 3 commissioner's post in the second three - way race.

And Rogers, Gene Kirk and J. M. Terry, Sr., all of Cameron, will vie for constable, Precinct 1, on the third three - way contest.

Other contested races include a contest between W. C. Wallace, Cameron attorney, and Robert C. Nelson, incumbent county attorney, for district judge. Incumbent Judge O. D. Graham has announced plans to retire at the end of his current term.

The Precinct 1, county commissioner's job is being sought by incumbent Clarence Raney and challenger Joe Zajicek, both of Buckholts.

Taylor of Buckholts, is also contesting the Precinct 6 constable race with John Zajicek, Buckholts.

Uncontested posts will be:

PRIMARY PREVIEW

Congressman, 11th Congressional District, held by W. R. Poage, Waco; county tax assessor - collector post, held by Valter White; county sheriff, incumbent Carl C. Black, county attorney, sought by Jack C. Prescott, and five constable posts - Gilford Thweatt, Precinct 2; Ollie Cook, Precinct 4; George Gamble, Precinct 5; Herman Dornier, Precinct 7 and Paris, Precinct 8.

Also filing for a post on the Milam primary ballot was Roy C. Archer, for chief justice, Court of Civil Appeals.

A number of state offices from governor through several state courts will be on the ballot, but election laws do not require a direct filing for a place on the ballot for certain state offices.

Maroon-Gray Day Set For February 9

The annual maroon and gray day will be next Tuesday, Feb. 9. All students are invited to participate. The final judging will be done by a committee from the PTA in the Yoe High School Auditorium Tuesday morning at 9:30 a. m.

Parents are invited to attend. The winner in each building, Ben Milam Ada Henderson and Yoe High School will be recognized and presented with gifts at the half time of the basketball game that evening.

This is the final basketball game of the season.

George Banzhaf

Party Cites 90th Year For Banzhaf

A group of friends and co-workers last week honored George Banzhaf, pioneer Texas county agent, with a 90th birthday party.

One of the first county agents in Texas, Banzhaf accepted his birthday tribute with the calm delight befitting his long service as a public servant.

It was another in a series of tributes to the venerable fellow who served Milam County in its hey - day as a cotton center from 1908 to 1946.

He still comes to the agent's office in the Cameron Postoffice building each day where he maintains a desk. He retired officially in 1949 to complete a half century of service.

Banzhaf told a newsman one time that he believed "the greatest development in agriculture has been the way farm people have educated themselves to the use of scientific methods of farming and raising livestock."

On hand at the birthday party last week in the agent's office were J. D. Moore, latest successor to Banzhaf's old post, Asst. Agent Robert Hoermann, HD Agent Frances Hembree and staff workers and friends of Banzhaf.

Banzhaf recalls the glory days of Milam County cotton production when 50,000 - 60,000 bales of cotton were produced every year. "But that's all changed now," he once said, "and I think they have better yields now days than in the old due to better production methods."

He noted that 50,000 bale crops were due to the fact that practically every acre in Milam County was planted in cotton.

Banzhaf's career was the longest span of service in a single county by any agent. He was born in Williamsport, Pa., Jan. 26, 1870. His wife died in 1919 and he has remained a widower.

Banzhaf is credited with starting pioneer organizations in Milam farm youth work with corn, cotton and pigs.

He has many fond memories of service to Milam County. His 90th birthday tribute was well earned.

The Milam Commissioners Court Monday voted to adopt a state-recommended, three - point program to blunt the spread of rabies among animals in the county.

Their decision followed a public hearing Monday morning that attracted about 60 Milam farmers, businessmen and cattlemen.

The action meant:

ONE - Immunization of all dogs outside corporate limits of county cities, and within Milam County.

TWO - Control of stray dogs throughout the county.

THREE - Control and reduction of the number of wildlife, foxes and skunks, which are spreading the rabies throughout a four - county area of Milam, Falls, Bell and Robertson Counties from Brenham to Waco.

Four veterinarians from Milam County attended the meeting. Three of the men told the group of incidents of rabid animals. Dr. Robert Titworth listed about 10 cases of rabid animals including foxes, skunks, and cattle that he had sent to Austin laboratories for positive rabies diagnosis.

County Judge Don Humble told

The group Monday morning heard Dr. A. B. Rich, chief veterinarian of State Health Dept., Austin, explain the epidemic threat of rabies already occurring in the area and steps that can be taken to curtail spread of the fatal virus.

In a two - hour meeting, Dr. Rich and James E. Poore, of the U. S. Fish & Wildlife Service, explained the dangers of the present rabies situation in the four-county area.

He emphasized the urgency of reducing the virus - carrying animals to curtail further spread of rabies to cattle or dogs.

Mrs. Monroe Files Anybody Running? For Re-Election 5 Posts Open To School Panel

Mrs. Dana Monroe, acting chairman of the Cameron School Board, has filed for re - election to the board, according to Max Howard, board secretary.

Howard also reported that officials of the Texas Education Agency have said that the board must appoint a successor to fill the unexpired term vacated by H. B. Pressley's resignation, in keeping with state school board election rules.

O. A. White, Cameron businessman last week had filed for the vacancy created by the former board president's resignation.

Howard said the TEA ruling requires the board to name a successor to the post.

In other school board activity, board members have been screening applicants for the superintendent's post and head coaching job. Both jobs opened up two weeks ago with the resignation of Supt. Wiley Loughmiller and Coach Jim Speer.

Howard said that about 25 applications have been screened by the board's screening committee during the past two weeks. He said the committee met with 11 applicants over the weekend at Ben Milam School.

And he said that about 15 applicants have applied for the coaching post.

The school board secretary said that no more applications were being considered as committeemen were planning to narrow the group to three or four applicants for review by the entire board.

He said that applicants represent a wide cross section of Texas schools including principals of large city schools and superintendents from schools of many sizes.

Howard said some of the applicants were interested in the Cameron position because of progressive classroom programs now under development here.

Two three - year terms are up for election in the April 2 board election. They are currently held by F. W. Vogelsang and Mrs. Monroe.

Filing deadline for the school board is March 2.

4892 Pay Poll Taxes In County

Poll taxes paid in Milam County totaled 4892 and in the city 994, according to officials at the Courthouse and City Hall.

The 1960 total of 4892 compares to a total of about 3600 in 1958. And in the city about 700 registered for poll tax payment in 1959.

man Roy Griffith voted to take

Mondrik's resignation.

Posts up for consideration in April are posts held by Griffith and Houston and Mayor Wilson. Both men had been quoted as saying they were not sure they would seek election if Wilson fails to run for re-election.

If Moseley decides to resign and the three incumbents up for re-election fail to run, then all five council posts and the mayor's position would be open for new candidates.

Mondrik's letter of resignation asked that his duties expire in time for a successor about April 19.

He extended his "sincere best wishes to the present council in their work for Cameron."

Asked if he would reconsider, Mondrik said: "I have made up my mind, I would not reconsider."

His term would have expired in 1960 along with Moseley and the deceased councilman's Lawrence.

Wilson and all the councilmen extended their appreciation for his work on the council during the past four years.

Lincoln Mondrik Resigns Position On Commission

City Councilmen Tuesday night voted to accept Councilman Lincoln Mondrik's resignation "with sincere regret" and okayed paving projects totaling about 20 more blocks of Cameron streets.

In other major action, the council granted a taxi franchise to Elmo Anderson, Waco, for operation of the Green Ball Taxi Co. in Cameron beginning in about two weeks.

Mondrik submitted his letter of resignation as City Atty. Jack Prescott read the election ordinance calling for annual city elections, Tuesday, April 5.

Councilmen voted to table the election resolution pending a decision by Councilman Richard Moseley who has filed for election as state representative. He said pressures of making the race might require his resignation prior to completion of his term next year.

Councilmen voted 2-1-1 to accept with regret Mondrik's resignation which would be effective with the election of a successor for his unexpired term. Roy Griffith and Richard Moseley voted to accept with regret, Houston voted not to accept the resignation and Mondrik abstained.

In quick succession, councilmen unanimously approved paving and seal - coating projects on the following streets:

West Main from Crockett to Columbus Ave., a seal coat over 40 tons of asphalt fill along the thoroughfare at a cost of \$2,120. The project would include improving of the SP crossing at West Main and a double seat coat west from the crossing to the city limits.

Sixth Street from Fannin west to North Crockett, asphalt paving of five blocks with property owners sharing the cost of paving and providing their own turbing and guttering.

North Crockett from W. Eighth to W. 12th St., a double seal coating over four blocks at a cost of \$487.44.

All the projects are part of a master plan outlined by city planning commissioners and adopted by council last year.

Mayor Bassel Wilson asked that the minutes show he did not wish to accept Mondrik's resignation and commended Mondrik "for four years as an outstanding councilman."

In other action, the Council:

ONE - Heard reports that January income from the new garbage pickup service was \$1697.53 about \$50 less than estimated by officials.

TWO - Approved budgeted purchases of \$238.50 for police uniforms, and recommended that city patrolmen be directed to show better care for the city police car.

THREE - Voted to put the electronic timer into regular use for traffic control.

FOUR - Discussed a regular allowance for Public Works Supt. J. B. Earle's auto used for city business and paid bills for repair and tires for the vehicle.

FIVE - Voted to return two-year deposits to 10 Negro property owners in northwest Cameron who paid deposits when a sewerline project was under consideration there. Only 10 of 22 property owners made the deposit and the city is awaiting completion of comprehensive sewerline survey before major sewer construction.

SIX - Accepted a bid of \$752.50 for city property in use as a used car lot from the present occupant, Woodum Auto Sales.

Milam Road Death No. 1

In the Anderle - German collision, both vehicles were heavily damaged, Straley continued. She was entering US 77 from SH 36 toward Rockdale when his vehicle collided with Anderle's 1955 Chevrolet Pickup going north on US 77.

Sheriff Carl Black answered the wreck call, Straley said. Investigation is continuing on cause of the accident.

At 3 p. m. Tuesday, less than two hours after the Anderle - German collision, Straley investigated a collision between vehicles driven by Mrs. Lavada Wenzel Yoakum, Rockdale, and Paul Sakewitz, 70, Buckholts.

He estimated vehicle damage at \$175 to the Yoakum 1953 Ford and \$100 to the Sakewitz 1953 Chevrolet. Neither driver nor the mother of Mrs. Yoakum who was riding with her was injured.

Mrs. Yoakum was driving east behind Sakewitz who was turning from the lane, Straley said.

RECIPE AWARD OF \$100 GOES TO MOTHER OF 17 FOR SAUSAGE KOLACHES

Mrs. Harry Jauer of Hobson praises 'wonderful' performance of Gladiola Hard Wheat Flour

A family recipe for a delicious yeast bread variation—golden brown kolaches with tasty pork sausage filling—has brought a special \$100 award from the Gladiola Flour people to Mrs. Harry Jauer, Route 1, Hobson, Texas.

She is donating half the money to the Altar Society of St. Boniface Catholic Church in Hobson.

Mrs. Jauer's award is a prelude to regular cash prizes soon to come in Gladiola's continuing Baking-Recipe-of-the-Month contest, now open to all homemakers in this area.

'100 at a Time'

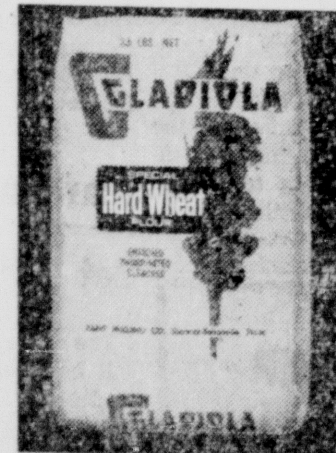

With 12 of her 17 children still living at home, Mrs. Jauer has one of the busiest baking ovens in Texas. "I make these kolaches a hundred at a time," she told us, "but that might be too many for some families." The complete recipe, reduced to fit an average-size household, is printed below.

"I've had my fingers in yeast dough since as far back as I can remember," Mrs. Jauer relates, "and I've made a point of showing my daughters the difference between what I call 'strong' dough and 'weak' dough. It all depends on the flour you start with."

Baking Secret?

"Do I have a baking secret for my yeast breads? Well, certainly there's no secret about Gladiola Special Hard Wheat Flour. But I notice that some women—especially the younger ones—are trying to make lightbread, kolaches and coffee cake with an all-purpose flour.

"Then, when their baking doesn't turn out right, they get discouraged, and that's too bad. If they'd use Gladiola Hard Wheat Flour, they'd see a wonderful difference the first time. That's how you make 'strong' dough—smooth and springy—instead of the sticky, starchy kind that won't hold up in your oven."

Likes New Ideas

Mrs. Jauer thinks Gladiola's Baking-Recipe-of-the-Month contest will be "a fine way to pass good recipes around" among women here in the Home Baking Heart of Texas. "You can bet I'm going to try every prize-winning idea as soon as it comes out."

Rules of the contest, which pays \$200 in cash prizes every month, appear in other columns of Glad Times.

11 CASH PRIZES EVERY MONTH HERE ARE EASY CONTEST RULES

1. Anyone may enter Gladiola's Baking-Recipe-of-the-Month contest except employees (and their families) of Fant Milling Co., its affiliated companies and its advertising agency.
2. Write down your favorite baking recipe using Gladiola Special Hard Wheat Flour. List all ingredients, then explain briefly each step in the procedure.
3. Cut off the strip that says "Gladiola Special Hard Wheat Flour" from the folder enclosed in every bag. Send it—with your recipe, name and address—to Glad Times, Sherman, Texas.
4. You may send in as many recipes as you wish. Mail each recipe in a separate envelope, enclosing a Gladiola strip as explained in Rule No. 3.
5. Each month's recipes are judged separately, with an independent graduate home economist as the final judge. Recipes received in February will be eligible for prizes to be announced in May.
6. For the outstanding recipe received each month, Gladiola will pay \$100. Half the prize money—\$50—goes to the homemaker who submitted the recipe. The remaining \$50 goes to the church of her choice as her special contribution.
7. Ten other recipes will be chosen each month for Honorable Mention prizes of \$10 each.
8. All recipes submitted become the property of Fant Milling Company, Sherman, Texas, with full publication rights. Recipes cannot be returned.

'BAKING HEART' OF TEXAS IS CONTEST AREA

The Baking-Recipe-of-the-Month contest is unique because it is specially designed for a unique part of America—the Home Baking Heart of Texas.

Here, where delicious yeast breads are the pride of all good cooks, this continuing monthly contest invites friendly competition, and the exchange of outstanding recipe ideas, between every homemaker and her neighbors.

There will be new cash prizes every month, new opportunities for homemakers to win deserved recognition for their baking skill.

An extra benefit—particularly for women who have never experienced it—will be the deep satisfaction of working with Gladiola Hard Wheat Flour. It's the flour made expressly for yeast breads, Texas style.

SAUSAGE KOLACHES

Gladiola's Baking Recipe of the Month Mrs. Jauer's Sausage Kolaches

- | | |
|----------------------------|----------------------------------|
| 1½ pound bulk pork sausage | 1 package active dry yeast |
| 2 cups milk | 1 teaspoon sugar |
| ½ cup margarine | 7 (or more) cups sifted Gladiola |
| ½ cup sugar | Special Hard Wheat Flour |
| 1½ teaspoons salt | ½ cup melted margarine |
| ¼ cup warm water | |

Cook sausage until done, stirring to break it up; drain and cool. Scald milk, add margarine, sugar and salt and cool to lukewarm. Dissolve yeast and the 1 teaspoon sugar in the warm water. Add to cooled milk mixture. Stir in enough Gladiola Special Hard Wheat Flour to make a medium soft dough. Let rest 10 minutes, then work dough in the bowl until smooth, about 10 minutes. Cover tightly and let stand in a warm place until double in bulk.

Punch down. Cut or pinch off 15 pieces of dough about the size of an egg. Flatten each to about 3 inches in diameter. Place a rounded teaspoonful of cooked sausage in the center of each. Pinch opposite sides together to make an oblong roll. After all are formed, roll each in melted margarine and place close together in a 13 x 9 x 2 inch pan, smooth side up. Cover lightly with a cloth and allow to rise again until double in bulk.

Bake in a moderately hot oven (400°) 18 to 20 minutes. Makes about 2½ dozen medium sized kolaches.

County Agent Notes

County Swine Exhibits At Fort Worth Stock Show

J. D. Moore, County Agent
Junior stockmen from Milam County showing swine at Ft. Worth are Henrietta Richter, Bobby Hillman, Pat Tisworth, Roy Dean Tomasek, and Henry Tomasek, Jr., showing two barrows each in the Junior barrow show held January 29. The barrows were sold at auction on Saturday, January 30.

Adults showing barrows in the opening show were Dr. Robert Tisworth, Gene Hillman and Cornelius Tisworth. The barrows shown by these exhibitors show and

sell on the same schedule as that of the Juniors.

Breeders showing next week in the breeding hog classes are Henry Richter, Dr. Robert Tisworth, Cornelius Tisworth and Gene Hillman on Thursday, February 4, and the Durocs will show on Friday, February 5.

ECONOMIST DISCUSSES 1960 TURKEY SITUATION —Turkey production in 1960 may be up to the 1959 record and very likely could exceed it. Producer's intentions indicate a 22 per cent in-

crease over last year in the number of heavy white breeder hens to be on hand January 1, 1960, a 9 per cent decrease in Bronze hens, and a 16 per cent decrease in Beltsvilles. This means an overall decrease of 4 per cent.

Although producers intend to keep fewer breeder hens for the 1960 crop, the possible cut in breeders could be offset by fuller utilization of hatching eggs. According to John McHaney, extension economist, the strengthening of prices paid to producers for turkeys during December 1959 may very well cause turkey producers to increase their intended production.

The use of risk sharing plans in turkey production also helps to explain why 1960 output is likely to continue large, McHaney explained. By and large, the financial backers of turkey producers in 1959 found that their extensions of credit were fully covered by proceeds from the venture. This could make them interested in repeating, since the venture is a means towards assuring continued sales of feed, poultry and supplies in 1960. Generally, returns to producers have evidently been large enough to more than cover their cost of production.

Since production is expected to be about like that of 1959, McHaney said 1960 average prices received by U. S. and Texas producers probably will be about the same as in 1959.

Economic outlook on turkeys is given due to prospective turkey producers asking for this information concerning the possibility of making money by producing turkeys for the 1960 markets.

Machines Process DHIA Records

Electric date processing machines are now being used to process DHIA records. A. M. Meekma, extension dairy husbandman, says use of the machines will relieve DHIA supervisors of much tedious and time-consuming book work.

For Best Cotton Production Select Adopted Varieties

COLLEGE STATION — Selection of adapted varieties of cotton can boost cotton yields, grade and profits. Cotton variety recommendations for Texas vary with soil types, climatic conditions and farming practices, points out Glenn Black, associate extension cotton specialist.

The increase in mechanical harvesting should cause producers to give consideration to varieties best suited to the type of machine they plan to use. The picker varieties have open-type bolls and the stripper types have storm-resistant or storm-proof bolls. In line with mechanization practices, Black says cotton should be planted in 40 inch rows with three or four plants to the row foot. Grass and weeds should be controlled for efficient machine operation and for the production of good quality cotton.

Black suggests that Rio Grande Valley and Coastal Bend farmers use Deltapine, Empire or Stoneville types for picker varieties. Storm-resistant varieties such as Northern Star, Lankart, Stormking and others are adapted for stripper use. He says farmers interested in cotton yield performance should ask the local county agent for a copy of Bulletin 877, "Performance of Cotton Varieties in Texas, 1954-56."

Upper Gulf Coast and East Texas farmers will find Deltapine, Stoneville, Empire or similar types adapted to their areas. These include Deltapine 15, D&P Fox, Stoneville 7, Empire WR and others. All are suitable for mechanical picking.

North Central and Central Texas growers will find that bottomlands or irrigated fields should produce best when planted to Deltapine, Empire, Stoneville and similar types. Upland farmers in these areas should consider D&P Fox 4, Austin, Lankhart, Blightmaster, Lockett 88, Stormking and others.

Texas Ranks Third

Texas ranked third among all states in acreage and production of fresh market vegetables in 1959, according to Clyde Singletary, extension horticulturist.

Liming First Step In Building Soil

COLLEGE STATION —A dollar spent for lime will generally return a profit to 5 to 1 in increased grazing, forage or crop yields.

Liming is the first step in building soil fertility, says John Box, assistant extension agronomist.

It supplies essential plant foods, such as calcium and magnesium. Liming makes both manure and commercial fertilizers more effective and, therefore, improves plant yields. Most legumes will not grow in soils that are low or deficient in calcium.

Liming granulates the soil, improves tilth and drainage, and speeds the decay of organic matter and formation of humus. There is no substitute for limestone on acid soils, Box emphasizes. Lime used at recommended rates and according to soil test recommendations will increase your yields and profits per acre.

Today's farmer has to be efficient to meet competition and remain in business. If he plans to be in business tomorrow, he must use every known efficient production practice. He must not fail to have his soils tested and use the lime needed to maintain the right pH for the best crop production.

Proper liming can also help slow erosion by wind and water. How?

Cotton Diseases Cost Farmers 147 Million In '59

COLLEGE STATION — Disease took a \$147 million bite out of the 1959 Texas cotton crop, report 15 cotton specialists located throughout the state.

"Cotton diseases kept at least 879,000 bales of cotton from being marketed," said Harlan Smith, extension plant pathologist, who compiled the information for the Cotton Disease Council.

Besides the \$147 million cash loss to producers, there were losses of business to farm labor, railroads, trucking companies, suppliers, compress companies, storage facilities and other phases of the industry. Diseases also were a major factor in grade reduction as well as a limiting factor in yield.

This loss occurred even though 1959 growing conditions were generally good as near record yields were harvested in many areas, Smith said.

Major diseases and estimated loss due to their effect on yield were bacterial blight, 5.91 percent; root rot, 4.43 percent; verticillium wilt, 1.85 percent; seedling disease, 1.75 percent; and root knot, .50 percent. Other diseases causing losses were boll rot, fusarium wilt and ascochyta blight.

Liming the soil supplies essential plant nutrients, the agronomist points out. It also makes nutrients already in the soil more available to plants, thus supporting better plant growth. Residues from the increased growth offer protection

CAMERON, TEXAS' HERALD, FEB. 4, 1960 Page 5
to the soil from wind and water. Heavier crop growth breaks up raindrops before they hit the soil, thus reducing the splattering and splashing of soil particles. More organic matter, from crop residues and roots, is left in the soil. This helps to bind soil particles together so that less soil is carried away by run-off water or blown away by the wind. Box adds that now is the time to lime.

Grow a "Dream Vacation" in a cotton field?

It's not fantastic! And here is why:

One prominent Texas farmer used Phillips 66 Ammonia to realize an added net profit of \$54.32 per acre on his cotton, after deducting the cost of ammonia. Just 50 acres of cotton like this means over \$2,700 extra profit... enough to enable a family vacation in some of the world's finest spots.

Ask your Phillips 66 Distributor to help you work out a complete fertilizer program on all your crops.

	*Using Phillips Ammonia	Without Ammonia
Fixed Cost Per Acre	\$75	\$75
Ammonia Cost Per Acre	\$5.60	—
Yield Per Acre	847 lbs.	633 lbs.
Net Profit Per Acre	\$156.56	\$102.24
INCREASED PROFIT PER ACRE		\$54.32

*Cotton at 28¢ lb. Example only. Results vary according to soil fertility, available moisture and cultural practices.

Get the quiet proof of Chevrolet's superior performance on the road—No other car in the low-priced three can match the borne-on-the-wind sensation you get from a ride in the 1960 Chevrolet. But that's not surprising when you consider to what lengths Chevy has gone to provide for your comfort at no extra cost to you. As you drive, count the ways Chevrolet has been thoughtful:

Supple Full Coil suspension—Coil springs at all four wheels melt bumps as no other suspension can. Taking the punch out of rough roads is their only function—they don't have to anchor the rear axle.

Butyl rubber body mounts—Thicker, newly designed body mounts

further insulate you from the road.

Body by Fisher—Only Chevy in its field offers the polish and craftsmanship of Body by Fisher.

Foam cushioned seats—Chevy offers foam cushioned seats in both front and rear in all series but one.

Safety-Girder frame—X-built and not merely X-braced, the Safety-Girder frame affords greater rigidity to minimize twisting and squeaks.

Hydraulic valve lifters—Oil hushed hydraulic valve lifters reduce engine noise to a whisper.

Cushioned steering shaft—A universal joint and cushioned coupling keep those annoying road tremors from the steering wheel.

Precision balanced wheels and tires—Here again Chevy has shown concern for your comfort by eliminating vibration in this vital area—tire life is longer, too.

Easy steering ratio—Chevy's high ratio Ball Race steering takes the work out of steering for you.

Superior weight distribution—Chevy rides better, handles better and stops better because the car's weight is more equally divided between the front and rear wheels.

Wide choice of power teams—Choose from 24 different power combinations to satisfy the itchiest driving foot—more than any other car.

MR. and MRS. CHARLES MORAW

Wesleyan Guild Hosts Bryan District Meet

The Cameron Wesleyan Service Guild was hostess to the Bryan District Guild Meeting on Sunday afternoon at The First Methodist Church.

Miss Linda Griffin greeted the guests and presented them with valentine name tags.

Pots of red tulips and yellow mums were placed on the altar rail in the sanctuary.

Mrs. Louis Elley, President of the Cameron Guild, gave the welcoming address. Guilds from Bellville, Bryan, Cameron and Marlin were represented.

Mrs. Jack Tuminson gave an inspiring meditation to the group.

Mrs. Jack Kidwell, District Secretary of Bryan Conference, presided over the business and introduced the guest speaker, Mr. Henry Courtney, a native of Ireland, and presently Professor in the Economic Department at A&M College. Mr. Courtney showed colored slides on "Town and Country" and gave an interesting talk about this.

Mrs. Horace Knight, Coordinator of the Cameron Guild, gave the benediction.

Following the program, the group was invited into the educational Building for refreshments of hot spiced tea, sandwiches, sweet pickles, assorted cookies, and mints. The polished serving table was accented with an artistic arrangement of open red tulips and hearts, yellow daffodils, and lavender Dutch Iris, carrying out the valentine motif. Alternating at the tea service were Mrs. Jack Tuminson and Miss Dorothy Johnson.

The next District Meeting will be held in Franklin.

Mr. and Mrs. Thomas L. Jacks, 408 N. Fanning, announce the engagement and approaching marriage of their daughter, Dorothy Ellen, to Mr. Doyle Ray Armstrong, son of Mr. and Mrs. Andy Armstrong, 405 N. Washington.

The wedding will be an event of mid - March.

MR. and MRS. WARREN RINN

Burke-Rinn Vows Repeated Saturday

In a double ring ceremony performed Saturday, January 30, at 11 a.m. in Waco, Miss Margaret Rose (Peggy) Burke of Cameron became the bride of Ernest Warren Rinn. The bride is the daughter of Mr. and Mrs. Charlie M. Burke of Cameron. The bridegroom is the son of Mr. and Mrs. W. O. Rinn of Cameron. The Rev. Mark Derring officiated at the ceremony.

Given in marriage by her father the bride wore a beige lace suit. She carried a bouquet of white carnations.

Miss Kay Camp of Cameron, a friend of the bride, was maid of honor. Miss Camp wore a green velvet sheath dress and carried a bouquet of yellow mums.

Bestman was Clifford Swift, III, of Cameron.

Following the ceremony a reception was held at Bertrand's Restaurant in Waco.

The couple will make their home in Canyon. The bride attended Sam Houston State Teacher's College. The groom is now attending West Texas State College in Canyon. Both bride and groom are 1953 graduates of Yoe High School.

Out of town guests included Mrs. Mike Olson, Mr. and Mrs. Delton Fuller and son Kenny, Mr. and Mrs. Dell Rinn of Houston, Mrs. C. G. Swift, Miss Wanda Kirk of Cameron, Mr. and Mrs. C. O. Bittinger, Mr. and Mrs. C. E. Bittinger, Jr., Mr. and Mrs. Lee Reddell, Lynn and Ricky Bittinger of Waco, Mr. Dell Fuller of Cameron.

Mary Jo Harbuz Weds E. L. Cousins

Miss Mary Jo Harbuz and Edward Lee Cousins were married December 31, 1959 in Waco.

A cousin of the bride, the Rev. J. Henry Brown officiated.

The bride, daughter of Mr. and Mrs. Harbuz of Sharp, graduated from Sharp High School. She attended South Western University at Georgetown and is presently employed at Seaboard Finance Co. in Dallas.

The bridegroom is the son of Mayor and Mrs. Dick Cousins of Crawford. He graduated from Crawford High School and attended Tarleton State College and graduated in 1958. He is now in his second year at the University of Texas where he will get his degree in Electrical Engineering.

After a short wedding trip the couple will make their home in Austin.

Miss Hembree Aids Delphians On Decorating

Miss Frances Hembree, county home demonstration agent, spoke to the Cameron Delphian Club Tuesday afternoon.

Mrs. Niley Smith was hostess for the club at her home.

Speaking on home decorating, Miss Hembree illustrated her remarks with slides showing proper room balance and planning. She was introduced by Mrs. Mildred Thornton.

Refreshments served following the program carried out a valentine theme with heart shaped salad and pink frosted cake. Mrs. Alvin Dusek served the salad and Mrs. Frank Luecke presided at the silver coffee service. Miss Sue Butts also assisted.

Guest was Mrs. Roy Law.

3 Arts Hear Judge Humble

County Judge Don G. Humble was guest speaker at the Three Arts Club Thursday when they met in the home of Mrs. E. O. Schiller Jr.

Mrs. Dwight Moody was co-hostess.

Introduced by Mrs. Schiller, Judge Humble gave an interesting and informative talk on "Wills".

And in a fourth collision about 8:30 a. m. Wednesday a 1956 semi-truck trailer driven by Ira Davis, 35, Houston, collided with a 1953 Chevrolet pickup driven by John Zajicek, 49, Rt. 1, Buckholts. Neither driver was injured.

Straley said Zajicek was turning from the highway into his driveway about 1.4 miles east of Buckholts when the Davis truck collided with the side of the pickup. Truck and pickup damage was estimated at about \$1250 each, Straley said.

Funeral services for the accident victim were held 3 p. m. Monday in Phillips and Luckey Chapel at Rockdale. Interment followed in Salty Cemetery.

Hays Advises To Accept Damaged Postal Goods

"Don't be afraid to accept damaged parcel post," says Postmaster John R. Hays.

Reluctance to accept insured or c. o. d. parcels which arrive in bad condition is based upon a misunderstanding that the right to file claim for indemnity will thereby be jeopardized. "The reverse of this is actually the case," states Postmaster Hays.

According to the postmaster, acceptance of a damaged parcel speeds adjustment of the claim and avoids unnecessary postage - due charges which must be paid by the sender if the parcel is refused and returned. The following action is recommended when a damaged insured or c. o. d. parcel is offered for delivery:

1. Accept the parcel and sign the delivery receipt.
2. Open the parcel and determine the extent of damage. (Damage parcel post packages do not have to be opened in the presence of a parcel employee.)
3. Present the damaged items together with the wrapper or carton showing the insured or c. o. d. number at the post office.

"Although indemnity is not paid on damage to ordinary parcels, they too should be accepted by the addressee and the sender should be notified," says Postmaster Hays. "This enables the sender to make replacement or adjustment through commercial insurance or otherwise."

Cards of Thanks

Many thanks to the ones who made possible the money for the Loan Fund for our beloved neighbor and friend Mrs. Eura Winkler who died at St. Edwards Hospital January 21 after a four day confinement there. The money has been given to Mr. Frank Winkler, her husband.

May God continue to bless each of you and give extra blessings to the Sisters and nurses who were so kind to her and to Dr. Crump.

Her neighbors

With deepest gratitude we extend this word of thanks for the many kind acts of sympathy, expressed by thoughtful friends in our hour of sorrow caused by the death of Mrs. Augusta Pimpler of Rosebud. We extend our thanks and the Cameron Voluntary Firetors and nurses of the Cameron hospital and all those who helped us in any way. Our sincere thanks to all.

Mr. and Mrs. R. H. Birkelback and family, Rosebud.

The Melver Estate wishes to thank Fire Chief Carl C. Black and the Cameron Voluntary Fire Department for their good work in saving The New Cameron Drug Building on the night of our recent fire.

A Cancerous Castro?..

The Central Intelligence Agency, headed by Allen Dulles, brother of the recently deceased Secretary of State, John Foster Dulles, says that Cuba's Castro is only part of a Communist conspiracy throughout the Western Hemisphere.

We are mystified that it has taken official Washington so long to identify the Castro regime with its obvious cause for rebellion.

One glance at Cuba's strategic location in relation to the underbelly of the United States would justify even more concern than our economic losses in Cuba.

Perhaps it is coincidental that Cuba is strategically located to observe by electronic means the high level developments taking place at Cape Canaveral. Perhaps it is coincidental that Cuba is the largest island land mass near the continental United States.

Perhaps not. But a Communist influence that close to our borders can only spell trouble with a capital T in future hemispheric developments.

Castro is not Communist. But CIA says that a large number of Communists are in powerful positions in his government. What started to be an idealistic purge of dictatorship has become a materialistic blow to American holdings in Cuba and a volatile threat to the Monroe Doctrine.

CIA notes that Castro's sophomoric rantings are the latest in an outward growth of Communist activity in Central and South America. There is more to come.

Whatever the future turn of events in Cuba, Communism has a vital springboard from which to direct international conspiracy even deeper into the American mainland.

Anyone who would doubt this prospect should investigate the methods of subversion used by Communism in Eastern Europe following World War II. The collapse of several of Russia's current "satellites" was set up by subterfuge. It was only for the Red Army to proclaim an "emergency" and then walk in for complete domination.

Cuba of course is not a military threat. The Red Army is absent from the Western Hemisphere. Yet, the threat of Cuba's becoming a rat's nest of U. S. bound Communist agents is already present.

We hope the thorn in our side does not become a cancer.

Try To Get Banks To Get Up On The International Level

Dear Editor:

The more I read the News-papers, the more convinced I am that one of the main financial troubles of us private citizens is the fault of the banks. They don't operate on the international level.

For example, I was reading last night about the latest banking arguments between the United States and Russia. As I understand it, during the war, the U. S. gave Russia ten billion dollars in lend-lease materials. Eight and two-thirds billions of this was used up in the war, and the U. S. said forget about it, we were allies, but a billion and a third dollars worth of stuff was left over and the Russians used it in their civilian economy. That part the U.S. has been contending ought to be paid back.

Well, last week representatives of the two countries met to talk the situation over.

The Russians said, well, maybe you're right, we ought to pay you, and we will, under one or two conditions. First you have to lower tariff charges to Russia, and second you have to guarantee a new line of long - term credit to us.

On hearing this, the United States called the debt discussions off.

That's what I'm talking about. Say the bank loaned me a thousand dollars fifteen years ago and I used say \$500 of it up in civilian defense during the war, which means I went in the hole that much trying to produce food for the nation. Well, the bank says, if you can imagine a bank waiting that long to say something. Oh, all right, we'll forget about the \$500 but how about the \$200.

Then's when I get up on the international level and say, sure, I'll pay the \$200, provided of course you in turn show the proper spirit and reduce the tariff, or interest rate, and open up a new line of long - term credit for me.

Right at this point, unfortunately is where most banks would fail to meet the rigid requirements of international banking.

Instead of saying, if you're going to insist on that, we'll just break off discussions of the matter, the bank, I'm afraid, would take some other approach, known provincially as foreclosure.

That's the heart of the matter. The word Foreclosure has been abolished in international banking

circles, but it's impossible to get individual banks here in the states to get that board - gauged. Which is why most banks can give, if not bigger, at least better financial statements than the United States government.

Yours faithfully,
J. A.

SAVE TOGETHER

FOR THE THINGS YOU'LL ENJOY TOGETHER...

Saving is fun . . . because, with every dollar you save, you can see yourself drawing closer to some much-wished-for goal. And saving is even more fun when it's a family affair! Have every member of the family participate in saving for the things you'll enjoy together . . . a new car, for instance, or a new home, or next summer's vacation trip. When all of you get together to save, your savings grow faster. (The children learn important lessons about the value of money, too.) Start to save here . . . SOON.

New Highways To Save Texans

AUSTIN — Completion of the Interstate Highway System, including 3,033 miles of topstandard expressways, may save as many as 300 Texans a year from traffic deaths.

State Highway Engineer DeWitt C. Greer says that accidents records show that controlled access expressways are three times safer.

Also, he said, they move three to four times as much traffic.

Greer estimates that the Interstate Highway System, when completed, will save one life a year for each 10 miles of road.

Target for getting Texas highways to desired standards is 1975.

By that time, said the state highway engineer, the state probably will have 70,000 miles in the state highway system compared to the present 60,000. There will be 5,500 miles of multi-lane highways compared to 2,168 today.

MORE SPEED?

Whether speeds in excess of 60 miles per hour should be legalized for some of the state's top-notch highways will be subject of study between now and the next Legislature.

Committees of the Texas Good Roads Association are to consider this and whether gasoline taxes should be upped to gain school funds.

Governor Daniel has suggested the possibility for raising money for school improvement and teacher salaries through a higher gasoline tax. TGRA, made up of people interested in road building, has, in the past, opposed draining taxes paid by road users for non-highway purposes.

High speed limits have been proposed before for four-land highways, but have failed to pass the Legislature.

Commercial courses and domestic economy was added to the many courses at the Cameron Schools. The new courses were begun in 1921 in the same semester the new high school was completed.

The first week of February seemed to be the picture as this February. A number of people were out of school and away from work because of the flu.

Jerry Hopkins deserves a word of praise for the job he's doing with the Yoe basketballers after dropping Rosebud last week 54-33.

Hopkins' squad has posted a 2-1 district record and are very much in the district race. They dropped Hearne along with Rosebud and lost their only tilt to Rogers, a team that can be beaten by the Yoe.

Belton will, as in other major sports probably still hold the monopoly over the league but here's hoping that with the breaks Cameron can cruise by them.

After a slow season start, Junior David Barkmeyer has come on to steal the scene on the basketball court this year.

Barkmeyer is high point man for the year with 232 points, 100 ahead of number two man, Dwayne Juergens. For Barkmeyer that's averaging 14.5 points per game in the 16 times he's seen action.

Juergens' second place berth placed him averaging 8.3 points a game in his 16 games. Chester

Deaths From Hunting Total 30 During '59

AUSTIN — There were 30 hunting deaths reported during 1959, according to information compiled by the fiscal director of the Game and Fish Commission. During the year there was a total of 72 shooting accidents. Of the 72 accidents, 34 were caused by the individual affected, and 38 by other persons.

This is a part of the report made by the Game and Fish Commission each year to the National Rifle Association. It is made up of reports sent in by game wardens from over the State, and may not include all the shooting accidents of the year, according to the director.

Simons is third on the scoring list with 62 points, averaging 3.8 in 16 games.

Ed Llerman and Jimmy Woodum round out the top basketeters. Llerman totaled 57 points for a 4 point average in 14 games and Woodum got 50 for 13 games, averaging 3.8 points a game.

VOS celebrates it's first anniversary this week, a year ago the first news brought to life in this column was of weightlifting programs, basketball possibilities under Bill Kruger, and the possibility of Ernest Bayer, freshman football star at the time, being moved from tackle to fullback when football season rolled around.

Belton Tigers Tromp Yoe 81-23 For Dist. Record

The Belton Tigers flew by the Yoemen in Cameron territory last Friday night dropping the Yoe 81-23. The game was Cameron's 4th district tilt; they have a 2-2 won-lost record.

The Yoemen improved some in the second half when they picked up 16 points, the halftime count was 44-7.

Dennis Watson led Belton scorers with 20 points, second was Chuck Faith with 17. Cameron high point man was Jimmy McLaren with 8.

Sports Review Of YHS Actions January, 1959

What was going on a year ago last week may be of interest to some sports readers also we've taken a look over last year's paper dated January 22.

Cameron's basketball squad, then under Bill Kruger had a good week dropping Hearne 42-32 and Marlin 49-41. Cameron's leading scorers in both games were seniors Turner Newton and Joe Gerick.

The B squad was less fortunate being dropped by the Hearne Eagles by a 41-27 count. Dwayne Juergens led the Yoe with 15 points.

To top off that week's events head coach Jim Speer and his assistant, Murphy Webster introduced a new program to the school athletes. Weightlifting was applied to the senior track boys on one day and the Junior track team worked with the weights the next day.

Two years ago this week the KC grid dinner was being held, honoring 100 players and coaches. The guest speaker for the evening was Dub King.

A year ago in sports the week of January 22-29 was a fairly good one as sports week ratings go.

The Yoemen basketball squad broke even, falling to Rosebud 37-36 and topping Rogers 47-35. Turner Newton and Rodney Folshinsky led in the Yoemen win with 14 points each.

170 pound Bertie Shumate tried his luck with the football players running track and lifting weights. Jim Speer had high hopes in his football abilities for next year's team.

Sophomore Carol Fikes and Senior Archie Mraz dropped out of Bill Kruger's basketballers for track. Fikes was running under Speer and Mraz under Murphy Webster.

Warren Rinn went out for track at Del Mar Jr. College and was joined by Bobby Elliot and Guy Dillon at the school. Elliot was

Buckholts Defeat Lexington 67-47

The Buckholts Badgers defeated Lexington last Tuesday by a 67-47 score in Lexington.

The Lexington club fell apart after a wild first quarter when they got 22 to Buckholts 7. Buckholts turned the tables in the next period gaining 25 points and holding the opposers to 9. Buckholts held a 32-31 lead at halftime.

The Badgers got 14 in the third period and stopped Lexington with 6, the Badgers surged ahead with 21 in the final frame with Lexington getting 10.

White led Lexington with 25 and Hudson was second with 18. Buckholts high point man was Carroll Fuchs with 19.

Milano Eagles Stomp Buckholts 61-45

Milano Eagles set back the Buckholts Badgers last Friday in Buckholts by a 61-45 count.

The loss gave the Badgers a 2-4 district record and a 6-7 season record.

Carol Glaser led the Buckholts scorers with 14 points, John Ruzicka was second with 12 points. W. Bullock had 18 for Lexington and Hux got 17.

Milano jumped off to an 11-10 lead in the first quarter and tied the game in the second period at 21 all. The Eagles picked up 15 in the third and 25 in the last period holding the Badgers to 8 and 16.

Reportable Diseases

Dr. T. E. Crump, acting director of the Milam County Health Department announced the following reportable diseases listed in Milam County for the week ending January 30: 79 influenza, 69 strept throat, 17 measles, 3 pneumonia, 2 Whooping Cough, 2 mumps, 1 syphilis, and 1 gonorrhea.

returning after an illness and Dillon on a football scholarship. He tried A & M College earlier in the year.

New 1040W Form For Salaries - Wages

1040W provided for 1959 Federal income tax filing was explained today by A. P. Andrews, Administrative Officer for Internal Revenue at Temple, Texas.

The new two-page return form can be used by any individual whose income consisted of salary and wages, regardless of amount and not more than \$200 income from interests and dividends. Husband and wife whose combined income meets these tests may file a joint return on Form 1040W.

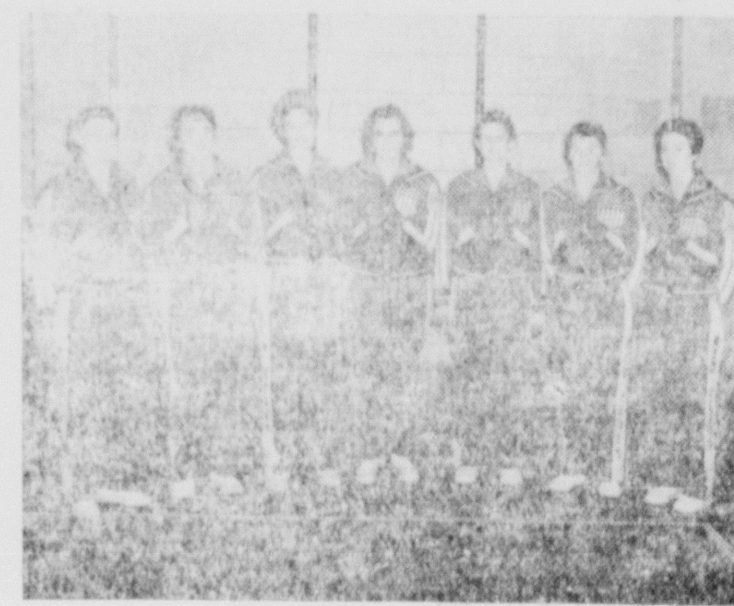

The new two-page form is designed to allow taxpayers in the above income category the benefits of (1) "head of household" or "surviving spouse" status; (2) "sick pay exclusion"; (3) dividends received credit (4) estimated tax payment credit; and (5) itemizing deductions for contributions, interest payments, medical expenses, and the like. Formerly, none of these benefits could be claimed without filing on the regular four-page Form 1040.

He said taxpayers with dividends and interest income in excess of \$200 or with any other income such as capital gains, retirement, income, rents, royalties, business or professional income, etc., must still file on regular Form 1040.

Game Department Survey Scheduled

AUSTIN — A study of operations of the Game and Fish Commission will be made during the coming year by the Texas Research League, it has been announced by H. D. Dodgen, executive secretary. The league is a non-profit organization which has made previous research studies of other governmental agencies. The study of the Game Commission will cover all phases of the work, including management and financing. It will take approximately a year to complete the work.

ALL-AMERICAN RED HEADS

ALL-AMERICAN RED HEADS — The girls pictured above are the ALL-AMERICAN Red Heads, women's basketball team, that will play a Cameron men's team in a benefit game February 20. Proceeds go to the March of Dimes drive.

Red Heads To Play Benefit Game

The touted All-American Red Heads, all girl basketball team, will play a return match with a Cameron Men's team 8 p. m. Saturday, February 20, at Yoe Gymnasium with proceeds going to the Milam March of Dimes drive.

The benefit game a year ago ended in a thrilling 53-52 overtime win for the Red Heads, who have played to over seven million basketball fans all over the world.

Playing men teams only and using regular men's rules, the Red Heads win more than 100 games each season, Coach Orwell Moore says.

The Red Heads will again play a Cameron men's team composed of: Buddie Shipp, Eldon Batte, Forrest Sapp, Richard Wilkinson, Chester Simons, Jim Speer, Jerry

Hopkins, Max Treadwell and Joe Lee Heitman.

Referees will be YHS Principal J. R. Young and Earl Curtis.

All proceeds of the benefit game will go to the annual MOD drive in Milam County.

"Ole" Olson organized the original Red Heads women's basketball team 22 years ago. Since that time they have been featured in national magazines such as Sporting News, Sports Life, Life, Pic and have appeared on the Ed Sullivan television show.

The girls team has played in the United States, Canada, Mexico, Alaska, and Phillipine Islands.

The adopted home of the All-American Red Heads is in Caraway Arkansas.

All the girls have read hair, either natural or tinted with henna.

Wilkinson-Moraw Exchange Vows

On Jan. 16, 1960 at 2:30 p.m. in St. Monica's Catholic Church in Cameron, Miss Patricia Jo Wilkinson became the bride of Charles Moraw.

Father Al Kallus performed the double ring ceremony. Irvin Bauer was bestman and LaNell Moraw was maid of honor. Miss Katherine Mikula furnished music for the occasion.

Following the ceremony a reception was held at the home of Mr. and Mrs. Leo Moraw honoring the couple.

Relatives and friends from Temple, Waco, Bryan, College Station, Freeport, Pasadena and Cameron attended.

A Cancerous Castro?..

The Central Intelligence Agency, headed by Allen Dulles, brother of the recently deceased Secretary of State, John Foster Dulles, says that Cuba's Castro is only part of a Communist conspiracy throughout the Western Hemisphere.

We are mystified that it has taken official Washington so long to identify the Castro regime with its obvious cause for rebellion.

One glance at Cuba's strategic location in relation to the underbelly of the United States would justify even more concern than our economic losses in Cuba. Perhaps it is coincidental that Cuba is strategically located to observe by electronic means the high level developments taking place at Cape Canaveral. Perhaps it is coincidental that Cuba is the largest island land mass near the continental United States.

Perhaps not. But a Communist influence that close to our borders can only spell trouble with a capital T in future hemispheric developments.

Castro is not Communist. But CIA says that a large number of Communists are in powerful positions in his government. What started to be an idealistic purge of dictatorship has become a materialistic blow to American holdings in Cuba and a volatile threat to the Monroe Doctrine.

CIA notes that Castro's sophomoric rantings are the latest in an outward growth of Communist activity in Central and South America. There is more to come.

Whatever the future turn of events in Cuba, Communism has a vital springboard from which to direct international conspiracy even deeper into the American mainland.

Anyone who would doubt this prospect should investigate the methods of subversion used by Communism in Eastern Europe following World War II. The collapse of several of Russia's current "satellites" was set up by subterfuge. It was only for the Red Army to proclaim an "emergency" and then walk in for complete domination.

Cuba of course is not a military threat. The Red Army is absent from the Western Hemisphere. Yet, the threat of Cuba's becoming a rat's nest of U. S. bound Communist agents is already present.

We hope the thorn in our side does not become a cancer.

Try To Get Banks To Get Up On The International Level

Dear Editor:

The more I read the Newspapers, the more convinced I am that one of the main financial troubles of us private citizens is the fault of the banks. They don't operate on the international level.

For example, I was reading last night about the latest banking arguments between the United States and Russia. As I understand it, during the war, the U. S. gave Russia ten billion dollars in lend-lease materials. Eight and two-thirds billions of this was used up in the war, and the U. S. said forget about it, we were allies, but a billion and a third dollars worth of stuff was left over and the Russians used it in their civilian economy. That part the U. S. has been contending ought to be paid back.

Well, last week representatives of the two countries met to talk the situation over.

The Russians said, well, maybe you're right, we ought to pay you, and we will, under one or two conditions. First you have to lower tariff charges to Russia, and second you have to guarantee a new line of long - term credit to us.

On hearing this, the United States called the debt discussions off.

That's what I'm talking about. Say the bank loaned me a thousand dollars fifteen years ago and I used say \$300 of it up in civilian defense during the war, which means I went in the hole that much trying to produce food for the nation. Well, the bank says, if you can imagine a bank waiting that long to say something. Oh, all right, we'll forget about the \$300 but how about the \$200.

Then when I get up on the international level and say, sure, I'll pay the \$200, provided of course you in turn show the proper spirit and reduce the tariff, or interest rate, and open up a new line of long - term credit for me.

Right at this point, unfortunately is where most banks would fail to meet the rigid requirements of international banking.

Instead of saying, if you're going to insist on that, we'll just break off discussions of the matter, the bank, I'm afraid, would take some other approach, known provincially as foreclosure.

That's the heart of the matter. The word Foreclosure has been abolished in international banking

New Highways To Save Texans

AUSTIN — Completion of the Interstate Highway System, including 3,033 miles of topstandard expressways, may save as many as 360 Texans a year from traffic deaths.

State Highway Engineer DeWitt C. Greer says that accidents records show that controlled access expressways are three times safer.

Also, he said, they move three to four times as much traffic.

Greer estimates that the Interstate Highway System, when completed, will save one life a year for each 10 miles of road.

Target for getting Texas highways to desired standards is 1975.

By that time, said the state highway engineer, the state probably will have 70,000 miles in the state highway system compared to the present 60,000. There will be 5,500 miles of multi-lane highways compared to 2,168 today.

MORE SPEED?

Whether speeds in excess of 60 miles per hour should be legalized for some of the state's top-notch highways will be subject of study between now and the next Legislature.

Committees of the Texas Good Roads Association are to consider this and whether gasoline taxes should be upped to gain school funds.

Governor Daniel has suggested the possibility of raising money for school improvement and teacher salaries through a higher gasoline tax. TGRA, made up of people interested in road building, has, in the past, opposed draining taxes paid by road users for non-highway purposes.

High speed limits have been proposed before for four-lane highways, but have failed to pass the Legislature.

Fank M. Wood of Wichita Falls has been elected chairman of the Game and Fish Commission to succeed Herb Frensey of Houston.

New members of the commission are Carl L. Dupuy of Lufkin, H. A. Walsh of El Paso, J. F. Corley of Houston and W. O. Reed of Dallas.

NEW GAME HEADS

Fank M. Wood of Wichita Falls has been elected chairman of the Game and Fish Commission to succeed Herb Frensey of Houston.

New members of the commission are Carl L. Dupuy of Lufkin, H. A. Walsh of El Paso, J. F. Corley of Houston and W. O. Reed of Dallas.

Do You Remember? 40 YEARS AGO

From The Files Of The Cameron Herald

The Cameron State Bank had increased its capital stock from \$30,000 to \$60,000. Announcement of this increase was made by T. F. Hardy, president of the bank.

U. S. Hearrell, Cameron attorney and active businessman, was elected to the office of mayor in the primary here this week. Of the 408 votes cast, he received 393.

Commercial courses and domestic economy was added to the many courses at the Cameron Schools. The new courses were begun in 1921 in the same semester the new high school was completed.

The first week of February seemed to be the picture as this February. A number of people were out of school and away from work because of the flu.

DEFICIT GROWS

Deficit in the state's general revenue fund has reached \$78,647,301, an all time high, says State Treasurer Jesse James.

Appointees

Things should look better after May 1, when corporation franchise taxes will be paid, he added.

Appointed by Governor Daniel to the Texas Commission on Educational Standards are Mrs. W. D. DeGrassi of Amarillo, Horace K. Jackson of Gatesville, Reynaldo Garza of Brownsville, Cullum Greene of Fort Worth, and Mrs. E. P. Lamberth of Dallas.

To the Educational Commission, Lt. Gov. Ben Ramsey names Everett Collier of Houston, Joe Anderson of Lufkin, Sens. William Fly of Victoria, Floyd Bradshaw of Weatherford and Ray Roberts of McKinney.

House speaker Waggoner Carr designated Mrs. Harry Patterson of Houston, John McKee of Dallas, Reps. C. T. Matthew of Yoakum,

Judd Davis announced his candidacy for Tax Assessor and Collector.

The senior class of Yoe High School gave a dance in the school gymnasium. Senior girls were hostesses.

Mr. and Mrs. Paul Laake and family spent the weekend in Houston.

Billy Triggs, son of Mr. and Mrs. A. J. Triggs was given a scholarship to a school of music in Denton for his ability to sing.

SAVE TOGETHER

FOR THE THINGS YOU'LL ENJOY TOGETHER...

Saving is fun . . . because, with every dollar you save, you can see yourself drawing closer to some much-wished-for goal. And saving is even more fun when it's a family affair! Have every member of the family participate in saving for the things you'll enjoy together . . . a new car, for instance, or a new home, or next summer's vacation trip. When all of you get together to save, your savings grow faster. (The children learn important lessons about the value of money, too.) Start to save here . . . SOON.

View On Sports

By ROBERT MANN

Jerry Hopkins deserves a word of praise for the job he's doing with the Yoe basketballers after dropping Rosebud last week 54-33.

Hopkins' squad has posted a 2-1 district record and are very much in the district race. They dropped Hearne along with Rosebud and lost their only tilt to Rogers, a team that can be beaten by the Yoe.

Belton will, as in other major sports probably still hold the monopoly over the league but here's hoping that with the breaks Cameron can cruise by them.

VOS

After a slow season start, Junior David Barkemeyer has come on to steal the scene on the basketball court this year.

Barkemeyer is high point man for the year with 232 points, 100 ahead of number two man, Duwayne Juergens. For Barkemeyer that's averaging 14.5 points per game in the 16 times he's seen action.

Juergen's second place berth placed him averaging 8.3 points a game in his 16 games. Chester

Deaths From Hunting Total 30 During '59

AUSTIN — There were 30 hunting deaths reported during 1959, according to information compiled by the fiscal director of the Game and Fish Commission. During the year there was a total of 72 shooting accidents. Of the 72 accidents, 34 were caused by the individual affected, and 38 by other persons.

This is a part of the report made by the Game and Fish Commission each year to the National Rifle Association. It is made up of reports sent in by game wardens from over the State, and may not include all the shooting accidents of the year, according to the director.

Simons is third on the scoring list with 62 points, averaging 3.8 in 16 games.

Ed Lierman and Jimmy Woodum round out the top basketekers. Lierman totaled 37 points for a 4 point average in 14 games, and Woodum got 50 for 13 games, averaging 3.8 points a game.

VOS

VOS celebrates it's first anniversary this week, a year ago the first news brought to life in this column was of weightlifting programs, basketball possibilities under Bill Kruger, and the possibility of Ernest Bayer, freshman football star at the time, being moved from tackle to fullback when football season rolled around.

Belton Tigers Tromp Yoe 81-23 For Dist. Record

The Belton Tigers flew by the Yoemen in Cameron territory last Friday night dropping the Yoe 81-23. The game was Cameron's 4th district tilt, they have a 2-2 won-lost record.

The Yoemen improved some in the second half when they picked up 16 points, the halftime count was 44-7.

Dennis Watson led Belton scorers with 20 points, second was Chuck Faith with 17. Cameron high point man was Jimmy McClaren with 8.

Sports Review Of YHS Actions January, 1959

What was going on a year ago last week may be of interest to some sports readers also we've taken a look over last year's paper dated January 22.

Cameron's basketball squad, then under Bill Kruger had a good week dropping Hearne 42-32 and Marlin 49-41. Cameron's leading scorers in both games were seniors Turner Newton and Joe Gerick.

The B squad was less fortunate being dropped by the Hearne Eagles by a 41-27 count. Duwayne Juergens led the Yoe with 15 points. To top off that week's events head coach Jim Speer and his assistant, Murphy Webster introduced a new program to the school athletes. Weightlifting was applied to the senior track boys on one day and the Junior track team worked with the weights the next day.

Two years ago this week the KC grid dinner was being held, honoring 100 players and coaches. The guest speaker for the evening was Dub King.

A year ago in sports the week of January 22-29 was a fairly good one as sports week ratings go.

The Yoemen basketball squad broke even, falling to Rosebud 37-36 and topping Rogers 47-35. Turner Newton and Rodney Folschinsky led in the Yoemen win with 14 points, each.

170 pound Bertie Shumate tried his luck with the football players running track and lifting weights. Jim Speer had high hopes in his football abilities for next year's team.

Sophomore Carol Fikes and Senior Archie Mraz dropped out of Bill Krueger's basketballers for track. Fikes was running under Speer and Mraz under Murphy Webster.

Warren Rinn went out for track at Del Mar Jr. College and was joined by Bobby Elliot and Guy Dillon at the school. Elliot was

Buckholts Defeat Lexington 67-47

The Buckholts Badgers defeated Lexington last Tuesday by a 67-47 score in Lexington.

The Lexington club fell apart after a wild first quarter when they got 22 to Buckholts 7. Buckholts turned the tables in the next period gaining 25 points and holding the opposers to 9. Buckholts held a 32-31 lead at halftime.

The Badgers got 14 in the third period and stopped Lexington with 21 in the final frame with Lexington getting 10.

White led Lexington with 25 and Hudson was second with 18. Buckholts high point man was Carroll Fuchs with 19.

Milano Eagles Stomp Buckholts 61-45

Milano Eagles set back the Buckholts Badgers last Friday in Buckholts by a 61-45 count.

The loss gave the Badgers a 2-4 district record and a 6-7 season record.

Carol Glaser led the Buckholts scorers with 14 points, John Ruzicka was second with 12 points. W. Bullock had 18 for Lexington and Hux got 17.

Milano jumped off to an 11-10 lead in the first quarter and tied the game in the second period at 21 all. The Eagles picked up 15 in the third and 25 in the last period holding the Badgers to 8 and 16.

Reportable Diseases

Dr. T. E. Crump, acting director of the Milam County Health Department announced the following reportable diseases listed in Milam County for the week ending January 30: 79 influenza, 69 strept throat, 17 measles, 3 pneumonia, 2 Whooping Cough, 2 mumps, 1 syphilis, and 1 gonorrhea.

returning after an illness and Dillon on a football scholarship. He tried A & M College earlier in the year.

New 1040W Form For Salaries - Wages

1040W provided for 1959 Federal income tax filing was explained today by A. P. Andrews, Administrative Officer for Internal Revenue at Temple, Texas.

The new two - page return form can be used by any individual whose income consisted of salary and wages, regardless of amount and not more than \$200 income from interests and dividends. Husband and wife whose combined income meets these tests may file a joint return on Form 1040W.

The new two - page form is designed to allow taxpayers in the above income category the benefits of (1) "head of household" or "surviving spouse" status; (2) "sick pay exclusion"; (3) dividends received credit; (4) estimated tax payment credit; and (5) itemizing deductions for contributions, interest payments, medical expenses, and the like. Formerly, none of these benefits could be claimed without filing on the regular four - page Form 1040.

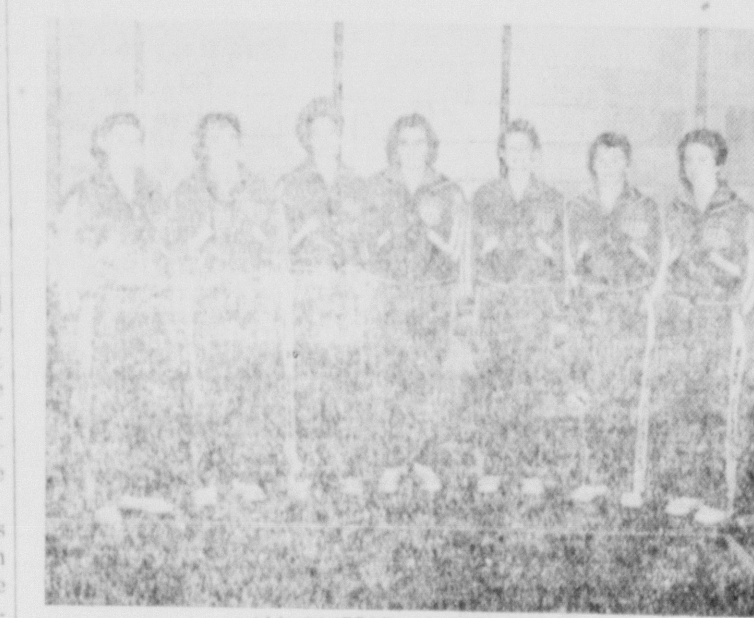

He said taxpayers with dividends and interest income in excess of \$200 or with any other income such as capital gains, retirement, income, rents, royalties, business or professional income, etc., must still file on regular Form 1040.

Game Department Survey Scheduled

AUSTIN — A study of operations of the Game and Fish Commission will be made during the coming year by the Texas Research League, it has been announced by H. D. Dodgen, executive secretary. The league is a non - profit organization which has made previous research studies of other governmental agencies.

The study of the Game Commission will cover all phases of the work, including management and financing. It will take approximately a year to complete the work.

ALL-AMERICAN RED HEADS

ALL AMERICAN RED HEADS — The girls pictured above are the ALL AMERICAN Red Heads, women's basketball team, that will play a Cameron men's team in a benefit game February 20. Proceeds go to the March of Dimes drive.

Red Heads To Play Benefit Game

The touted All - American Red Heads, all girl basketball team, will play a return match with a Cameron Men's team 8 p. m. Saturday, February 20, at Yoe Gymnasium with proceeds going to the Milam March of Dimes drive.

The benefit game a year ago ended in a thrilling 53-52 overtime win for the Red Heads, who have played to over seven million basketball fans all over the world.

Playing men teams only and using regular men's rules, the Red Heads win more than 100 games each season, Coach Orwell Moore says.

The Red Heads will again play a Cameron men's team composed of: Buddie Shipp, Eldon Batte, Forrest Sapp, Richard Wilkinson, Chester Simons, Jim Speer, Jerry

Hopkins, Max Treadwell and Joe Lee Heitman.

Referees will be YHS Principal J. R. Young and Earl Curtis.

All proceeds of the benefit game will go to the annual MOD drive in Milam County.

"Ole" Olson organized the original Red Heads women's basketball team 22 years ago. Since that time they have been featured in national magazines such as Sporting News, Sports Life, Life, Pic and have appeared on the Ed Sullivan television show.

The girls team has played in the United States, Canada, Mexico, Alaska, and Phillipine Islands.

The adopted home of the All-American Red Heads is in Caraway Arkansas.

All the girls have read hair, either natural or tinted with henna.

Wilkinson-Moraw Exchange Vows

On Jan. 16, 1960 at 2:30 p.m. in St. Monica's Catholic Church in Cameron, Miss Patricia Jo Wilkinson became the bride of Charles Moraw.

Father Al Kallus performed the double ring ceremony.

Irvin Bauer was bestman and LaNell Moraw was maid of honor.

Miss Katherine Mikula furnished music for the occasion!

Following the ceremony a reception was held at the home of Mr. and Mrs. Leo Moraw honoring the couple.

Relatives and friends from Temple, Waco, Bryan, College Station, Freeport, Pasadena and Cameron attended.

"Free Silver," the national political issue in 1896, also was of course an issue in lesser races. For example, in Tennessee, the brilliant Ednard Ward Carmack was the editor of the Memphis Commercial Appeal. According to the story which oldtimers on the staff told, years later, when this chronicler was cub reporter, Carmack was called in by the publisher, who directed him to quit writing editorials in favor of free silver and start writing editorials supporting the gold standard.

Carmack's reply, in effect, was "I am the editor of this newspaper and I will write only that in which I believe." So he resigned, ran for Congress and defeated the incumbent, who campaigned as a "gold-bug." The loser contested the election. Since the Republicans were in control of Congress and since the loser's position on the money question was in accord with theirs, Carmack stood an excellent chance of being unseated.

"Private John" Allen, of Tupelo, Mississippi, was a member of Congress at that time and he addressed the committee on behalf of Carmack. Allen expressed considerable doubt as to whether the contesting candidate's stand in favor of gold was sincere and then told of a speech he had heard the man make in a previous campaign. On that occasion,

the statesman had (Allen said) discussed the repeal by the Republicans of the silver purchase act; then, holding up a silver dollar, had exclaimed:

"Silver! Only twice disgraced! Once by Judas Iscariot and the other time by the Republican Party!" (The committee voted to seat Carmack.)

Not only did "the money question" play a major part in the congressional campaign of 1896 and thereabouts but it was even brought up in county races where the winners could not have possibly, in the performance of their duties, done anything about it. The beloved Robert L. Taylor of Tennessee, governor and United States Senator, was fond of relating in his lectures a story about a man who was running for county clerk in the mountains of East Tennessee. While this candidate was speaking, someone called out, "How do you stand on the money question?"

The speaker replied, "I am in favor of the gold standard; also I am in favor of the free and unlimited coinage of silver in the ratio of 16 to 1; also I am for greenbacks —" and he paused, then concluded, "and I'm for a little more counterfeit." (He was elected by a landslide.)

ALCOA THEATRE

Academy Award winner Dorothy Malone, as Ann St. Martin, is subject to the decision of an American major, in her attempt to escape the Communists' bombardment of Quemoy, in "The Last Flight Out," on Alcoa Theatre, on Friday, January 29, over KTBC TV, Channel 7, at 10:00 p. m.

Election clerks will be Joe Marek, Bert Nicholson, Mrs. B. L. Miller and Mrs. John Ryan, poll tax payment deadline.

Reportable Diseases

Dr. T. E. Crump, acting director of the Milam County Health Department announced the following reportable diseases listed in Milam County for the week ending January 30: 79 influenza, 69 strept throat, 17 measles, 3 pneumonia, 2 Whooping Cough, 2 mumps, 1 syphilis, and 1 gonorrhea.

The Luckless Legion by Irwin Caplan

14,160 were killed and 937,900 injured in motor vehicle accidents on weekends in 1958.

Official Appoints Pruet Chairman Of 'School Week'

Hilton H. Pruet, Cameron, has been appointed chairman of Public School Week in Milam County by John McKee, chairman of Texas Citizens Committee on Public Schools Week.

Gov. Price Daniel has designated Public Schools Week in Texas from February 27 - March 4. Pruet said that is a year of tremendous importance to Public School Week.

Even at the national level we find leaders of our nation who are very critical of our entire educational program," Pruet said.

Pruet pointed out that school systems and education in general are facing a period of severe criticism.

He urged that Milam County parents visit their schools during Public School Week so "that we may be able to report after Public School Week is over that the people of Milam County visited their schools by the thousands."

Disease Cause \$147 Million Destruction

Disease took an estimated \$147 million bite out of the 1959 Texas cotton crop, according to 15 cotton specialists located throughout the state.

Lone Star Gas Emplaces 3,568 Pipe Feet In '59

Lone Star Gas Co. emplaced 1,889 feet of new pipeline and replaced 1,679 feet of line in Cameron during 1959, Charlie Burke, district manager reported this week.

He said the 1,889 feet of pipeline of several sizes was put into areas within the city limits not having gas line service before. Practically all of the pipe was put into new residential areas.

The 1,679 feet of replacement pipe was installed primarily in the downtown area. Company workmen spent several work weeks during 1959 putting new gaslines in along the downtown business area, Burke pointed out.

"The replacement of gaspipe is a continuous process every year", Burke noted, "and the company replaces about 1,500 to 2,000 feet of line in Cameron each year." Burke noted that the first gas service was installed in 1928 at the home of Dr. W. T. Mowdy, 500 block of West Main St. and then at the home of Mrs. M. W. Price, in the same block of Main St.

He pointed out that the pipe emplaced in the downtown area was the first new gas pipe installed in that area since the original was put in during 1928.

The pipe in the downtown area is constructed and wrapped to increase its lifetime of service.

Texas Ranks Third In Fresh Market Vegetable Production

COLLEGE STATION — Texas ranked third among all states in acreage and production of fresh market vegetables in 1959, according to Clyde Singletary, extension horticulturist.

The state - by - state report from the agricultural marketing service shows that Texas had 14.3 percent of the nation's commercial vegetable acreage and 8.2 percent of the production.

Commercial vegetables and melons last year were valued at \$47,667,090. That's 6 percent of the nation's total farm value of these crops.

Onions was the No. 1 Texas crop, with 40,800 acres harvested and a value of \$14,192,000. Watermelons was second - high with 105,000 acres harvested at a value of \$6,825,000. The tomato harvest was valued at \$4,944,000, while spinach, carrots and cantaloupes each accounted for more than \$3 million.

Commercial Texas crops valued at less than \$3 million included lettuce, cabbage, green peppers, sweet corn, broccoli, honey dew melons, cauliflower, cucumbers, strawberries, snap beans, beets, and eggplant.

For the nation, production of the 27 principal fresh market vegetables and melons in 1959 is estimated at 206.5 million hundredweight. That's 3 percent less than in 1958 but about average. Watermelon output was 29 percent below the record set in 1958, accounting for much of the decrease, Singletary explained.

CAMERON, TEXAS' HERALD, FEB. 4, 1960, Page 11

Broiler Outlook For 1960 Shows Promise

COLLEGE STATION — Total pullet chick placements by 10 of the Primary United States breeders during the first eleven months of 1959 amounted to 27,267,000, 12 percent below the same period in 1958. Placement in November 1959 were 17 percent below the same month of 1958.

Broiler prices well into 1960 will probably be lower than in 1959, is the prediction of Marshall Miller, associate extension poultry marketing specialist. If prices should increase because of the reduced broiler supply, production later in 1960 may rise enough so that the years total could equal or slightly exceed 1959. Since mid-May 1959 weekly broiler chick placements have been below those of 1958 by about five percent.

The decline in broiler production has been brought about by lower broiler prices and restricted credit, pointed out Miller. However this decline in production can be reversed rather rapidly if the industry becomes overly encouraged as a result of recent broiler price increases.

If prospective 1960 output is compared with 1959 output, it is obvious the low base in late 1959 makes the last half of 1960 the most likely period for an increase in broiler production. Margins between breaking even and making satisfactory profits are so narrow

in the broiler industry that even slight encouragement from modest price rises is reflected in attempts to increase broiler production. As a result, placements in the last half of 1960 may exceed 1959.

If broiler prices go up for any length of time, payments under the bonus arrangement will become more common, or pressures will develop for restoring guaranteed grower payments to past levels, Miller noted.

Miss Cummings Wins 3rd Place In TP&L Contest

Miss Virginia Ann Cummings, daughter of Mr. and Mrs. Clarence Cummings, 301 East Main, was third place winner in an essay contest sponsored recently by Texas Power & Light Company, it was announced by Henry Siebman, TP

&L district manager. Miss Cummings who is in the eighth grade at Ada Henderson School, was recipient of a \$25 savings bond as a result of her essay on "My Impressions at Lake Creek".

The contests was held in connection with the Lake Creek Steam Electric Station open house November 6 and 7 of last year. Students who attended the open house were invited to write essays on their visit to the plant.

Last Rites For P. A. Blake

Word has been received of the death of P. A. Blake of Miami, Florida, following a brief illness. Mr. Blake, a musician, had resided in Miami for a number of years. He is survived by Mrs. Pat Blake and a daughter, Mary Carolyn Blake, who now resides in Houston. Mrs. Blake is the daughter of Mrs. Jack Prescott.

Judging was by a committee of Baylor University faculty members on the basis of originality and clarity of content. Miss Cummings' essay was entered in the group for eighth and ninth grade students.

First place winner in the contest was Miss La Nell Neves of Granger, who received a savings bond worth \$100. Miss Linda Kay Main of Waco won the second place prize of a \$50 bond.

Among the 20 students who received honorable mention was a Cameron ninth grader, Robert L. Dymke of Yoe High School, who received a pen and pencil set.

Miss Cummings, 13, is an honor student at school where she is a member of the pep squad and participates in volleyball, besides studying her favorite subjects algebra and English, she also spends time with her hobbies, music and records.

Savings Bonds

Sales Increase

During December

Texas Savings Bonds sales in December were the greatest since March of last year according to Henry Siebman, chairman of Milam County's bond committee.

December savings bonds purchased in Texas were \$13,482,290, an increase of \$2 million over the previous month.

"Sales in this county totaled \$31,573 during 1950. This represented 116.5 percent of our goal of \$385,000. Sales in the state amounted to \$152,937,812 or 83.8 percent of the State's 1950 bond goal", Siebman reported.
